Enclose stamps for return postage. WILLCOX & GIBB'S SILENT FAMILY

SEWING MACHINE WILL STITCH, HEM, FELL, TUCK, CORD, Bind, Braid, Quilt and Embroider beautifully. It will, with the finest needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

WILLCOX & GIBBS' SEWING MACHINE will use coarse cotton, linen, silk and twine. It runs easier, faster and stiller than any other ma-chine. It forms a flat, even and elastic seam, differ-ing from every other stitch, each loop, being twisted by means of the

"ROTATING HOOK,"

and drawing the twist into the goods, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted not to rip in wear, and under all circumstances to "survive the washtub."

A patented device prevents the possibility of the machine being run in the wrong direction, or the balance wheel ever wearing or touching the dress, By another ingenious Patent improvement. The Needle Cannot be Set Wrong. Thus avoiding the great trouble of other machine In this it is so easy that a child may set it in the dark with unerring correctness every time. No Breaking of Needles,

The blade of the needle is less than three-fourths of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. THE HEMMER AND FELLER CAN NEVER BE PUT ON WRONG. Any one may adjust them in the dark. The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or under side, as you want it. IT WILL NOT DROP STICHES.

As the needle is always set right, the blade short and straight, it does not vibrate, like longer ones.

WILLOX & GIBBS SEWING MACHINE is run by steam at 4,000 stitches per minute—other machines only at 400 to 1,200, with safety.

They are manufactured with Mathematical Precision.

Hence each part is interchangeable, and can readily replaced in case of accident. THEY. WILL NOT GET OUT OF ORDER. We have known it intimately for several years, and so far as we know, not one in family use has ever cost a dime to repair, or even been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other. WILLCOX & GIBBS' SEWING MACHINE

works at an instant's notice, and never stope unaccountably. Not one operator in ton on the Willcox & Gibbs will break a needle or drop a stitch in a year. This Machine in the hands of any one, knows no skips, drops, jumps or misses. The roundness evenness, durability and beauty of its stitch.

WERE NEVER EQUALED Its rapipity, absolute stillness, case of motion, narrowness and neatness of its hem and fell were never approached by any other machine.

The Frees universally pronounce this the best family sewing machine in the world.

INCREASE OF RATS .- I'be Farmer's Gazette (English) asserts and proves by figures that one pair of RATS will have a progeny and descendants no less than 65:.050 in three years. Now, unless the immense family can be kept down, they would consume more food than would sustain 65,000 buman beings.
See "Costar's" advertisement above.

RATS versus BIRDS. - Whoever engages in shoot ing small birds is a cruel man; whoever aids in ex-terminating rate is a benefactor. We should like some one to give us the benefit of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business. Scientific See "Costai's" advertisement above.

"COSTAR's" RAT EXTERMINATOR is simple, safe, and sure—the most perfect RAT incation meeting we have ever attended. Every Rat that can get it, properly prepared, will eat it, and very one that eats it will die, generally at some place as distant as possible from where it was taken—take Shore, Mich Micror. See "Costar's" advertisement above

HOUSEKEEPERS troubled with vermin need be so no longer, if they use "Costar's" Exterminator. We have used it to our satisfaction; and it a box cost \$5, we would have it We have tried poisons but they effected nothing; but "Costar's article knocks the breath out of Rats, Mice, Rosches, Auts, and Bed-Bugs, quicker than we can write it. It is in great demand all over the country.—Medina, Ohio, Gazette.

SHAWCISCE COLLEGE AND MAIN A VOICE FROM THE FAR WEST.—Speaking of "Costar's" Rat, Roach, Ant. &c. Exterminator—"more grain and provisions are destroyed annually in Grant County by vermin than would pay for tons of this Rat and Insect Killer."—Lancaster, Wis Herald.

See "Costar's" advertisement above.

FARMERS AND HOUSEKEEPERS—should recol lect that hundreds of doller's worth of Grain, Provisions, &c. are annually destroyed by Rats, Mice, Aats, and other infects and Vernin—all of which can be prevented by a few collars worth of Costars' Rat, Roach, Aat, &c., Exterminator, benght and used freely.
